Grants / Research projects

○ 2025

LEM Research grants, Lille Economie and Management, EUR: 3500

Project: Can I Trust the Machine? Delegating Decisions Under Uncertainty About Preference Alignment (with Vincent Lenglin)

○ 2023

LEM Research grants, Lille Economie and Management, EUR: 3500

Project: An Experimental Investigation of Algorithm Delegation for Choice Tasks (with Fabrice Le Lec and Vincent Lenglin)

Working papers

○ 2023

"The Problem Of Reputation Reliability In Online Freelance Markets", (with M. Sandomirskaia), 2023

HSE Working papers WP BRP 260/EC/2023, National Research University Higher School of Economics.

Work in progress

○ 2026

The Carbon Cost of Accuracy : Measuring Trade-offs in AI Delegation

○ 2026

Can I Trust the Machine? Delegating Decisions Under Uncertainty About Preference Alignment (with Vincent Lenglin)

○ 2023

An experimental investigation of algorithm delegation for choice tasks (with Fabrice Le Lec and Vincent Lenglin)

Administrative duties

○ 2024-2025

Coordinator of LEM Doctoral Seminar (with Audrey Glass)

LEM (UMR 9221), University of Lille

Seminars and conferences

○ 2025

ASFEE Graduate Meeting, Aussois, France, December 2025

ESA Conference, Masaryk University, Brno, Czech Republic, September 2025

ASFEE Conference, Nancy, France, June 2025

○ 2023

Workshop on "Interactions of Humans and Algorithms", TU Berlin, Berlin, June 2023;

Workshop at PSE Summer School "Experimentsl Economics", Paris, June 2023;

Internal iRisk Seminar, Lille, October 2023
